Dear Hunger Advocate,

Thanks to your partnership and generosity, we fed more than 1.9 million people in 2019! Despite this success, the need continues to grow. A recent United Nations report revealed the number of people who suffer from hunger is slowly increasing. Nearly 820 million people worldwide are food insecure, up from 811 million in 2017. In the United States alone, more than 37 million people struggle with hunger.

Global progress against hunger, however, runs much deeper than simply providing meals to the people that need them. Eradicating hunger will require systemic change in the areas of education, health care, climate, and beyond.

This is why I’m pleased to announce we have expanded our mission beyond providing nutritious food to include educational programming and mindful service opportunities. In 2020, we believe this mission will propel us to a significant milestone in our organization’s history – the packing of our 20 millionth meal.

I am grateful for your support and partnership in the fight against hunger. Together, we can make a lasting impact in the lives of millions of people.

With gratitude,

Abigail Harlan, Executive Director

In the United States, our work helps stock the shelves of local food banks and pantries with highly nutritious meals. In developing nations, our meals are used to offset chronic malnutrition in children, and to nourish communities suffering from hunger.

Each year, through community partnerships and meal packing events, we educate more than 8,000 people about the toll hunger takes on individuals and communities. Our hope is that this information will inspire people to advocate and care for the hungry in their own communities and around the world.

Meal packing events are a powerful and hands-on way for organizations and individuals to make a meaningful difference in someone’s life. Appropriate for all ages and all abilities, our events allow diverse groups to serve together, build camaraderie and promote team building.

In 2020, we are striving to reach a significant milestone in the history of our organization – the packing of our 20 millionth meal!

Over the past 10 years, countless businesses, churches, community groups and individuals have propelled us within reach of this goal.

Here’s how you can help make this milestone a reality:

- **SPONSOR** a packing event
- **DONATE** to create meals
- **PACK** meals with us
